

MORE INFORMATION

OUR MISSION

At LEAF Academy, our mission is to provide a comprehensive, enriching program that will allow members of our community to advance their learning and foster lifelong independence and friendships. Through supported classroom experience and place-based learning, our students will gain the skills and confidence needed to reach their goals and dreams.

A POST SECONDARY PROGRAM FOR YOUR

loved ones.

learn. enrich. advance. friendship.

LEAF Academy is intended to be an equivalent to a college program for individuals with intellectual and developmental disabilities. At Embracing Abilities, we are committed to providing a team of dedicated individuals that will deliver a welcoming, inclusive environment for your loved one to grow and succeed.

For more information regarding our application process, semester schedule, tuition rates/funding, and financial aid opportunities please visit our website.

THE CLASSROOM EXPERIENCE

Students apart of LEAF Academy will experience both instruction and place-based learning within the classroom. Our team of instructors will work to enhance independent living and vocational skills using research based practices and curriculums.

CLASSROOM INSTRUCTION AND SUPPORT

Students apart of the LEAF Academy will receive direct instruction from a dedicated teacher. Our instructors are highly trained in the curriculum and are committed to supporting your loved one through various learning styles to unlock their full learning potential. Instruction will include items such as job skills, independent living, and more.

PLACE-BASED LEARNING

Using principles of Place-Based Learning, our consumers will experience learning through natural, hands on, real world experiences. They will engage with their community and environment to continue their journey as contributing, active citizens.
